

LOCAL EVENTS

—Two lads who with their parents, had been camping at Chippewa Lake, broke into the bath house on Tuesday night and took several dollars in money and some other things. Deputy Sheriff Pelton scared a confession out of the boys Wednesday and upon promise to reform they were not arrested.

—The W. C. T. U. will meet with Mrs. E. F. Gibbs, 630 S. Court street, Friday, August 3, at 2 p. m. As this is the annual meeting with election of officers and reports of superintendents, a good attendance is desired.

—Floyd Nichols has purchased the Johnson property on East Washington street.

—The social to have been held at J. A. Hobart's last night, under the auspices of St. Paul's guild, was postponed until this evening, on account of rain. Should it rain tonight another postponement will be made to Saturday night.

—The seventh annual reunion of the Barlow Baker family was held Thursday at the home of Dr. and Mrs. G. J. Damon, about 50 being in attendance.

—Advertised letters at the Medina postoffice are for Miss Myrtle Kelley, Mrs. E. M. Thickett (3), E. M. Thickett and W. S. White.

—The council recently authorized the purchase of an auto for use by Supt. Lyle Rollins of the water works department. Mr. Rollins is required to make analysis of the water at the plant every 24 hours and expects to have to analyze once in 12 hours before long. Use of the auto will effect the saving of much time besides the expense of hiring of a conveyance for his trips to and from the plant, as has been the custom in the past. The new auto is a Ford roadster with delivery box body and was delivered Wednesday. The cost was \$385.

—All local business places will be closed next Tuesday afternoon, instead of Wednesday afternoon, on account of the Red Cross rally at Chippewa Lake park.

—The Woman's Foreign Missionary society of the M. E. church will meet with Mrs. O. E. Persons on Thursday, August 2, at 2 p. m.

—Jos. Seymour, who recently enlisted in Co. A of the Fifth regiment, stationed at Berea, was home on Wednesday and reported that final examinations, vaccination, and inoculation for typhoid had been given the men, and that they were expecting to be transferred to a southern post within a few days. According to Joe only two men were rejected following the examination.

—Three Medina men will soon take their second examination for positions in the Officers' Reserve Corps, at Ft. Benjamin Harrison, Indianapolis. They are Ex-sheriff Al. Young, John Moore and Arthur Leach. Mr. Young will be examined in Cleveland on Saturday and the latter two on Monday.

—Harold Borger has made application to join the U. S. Aviation Corps. There is no opening at the present time, but another class is soon to be formed, when Mr. Borger will be notified when and where to take his examination.

—Martin, young son of Mr. and Mrs. W. B. Baldwin, had a narrow escape from serious injury last Tuesday afternoon. He was riding a bicycle on West Washington street, near Vine, when an auto driven by Vaughn Hartman, turned around the corner and ran into him, breaking the bicycle and throwing the lad to the pavement. His only injury was a bruised leg. No blame is attached to Mr. Hartman.

—Sidney High, son of Mr. and Mrs. G. F. High, is reported as convalescing in Brooklyn hospital, from a recent attack of scarlet fever.

—Mrs. Harriet O. Clark of 210 W. Washington street is 91 years old today, and will receive her friends during the day. Mrs. Clark bears the weight of her many years with good health and with a spirit that would do credit to one much younger.

—Mrs. Clark's grandfather was a centenarian and she had an uncle who was 98 years of age, so it would seem that longevity is a characteristic in Mrs. Clark's family. The Sentinel wishes Mrs. Clark many more pleasant anniversaries of her birth.

—Hon. Oliver W. Stewart, the only prohibitionist ever elected to an Illinois legislature, from Chicago, is stumpng Ohio in a great auto campaign, and will speak on the Medina public square Saturday evening at 7:15 o'clock. Everybody is invited.

—Mrs. E. F. Gibbs will entertain the ladies of the U. B. A. O. T. M. this evening (Friday) at her residence on South Court street.

—R. A. Leohr has been in a critical condition the past week from lockjaw, the result of infection from a diseased tooth. A consultation of physicians was held Monday night. It is believed the tooth is deformed at the root, as several attempts to extract it were fruitless.

—The body of Mrs. Harriet Bisell, formerly of Medina, but for the past four or five years a resident of Peoria, Ill., was brought here Monday night by her daughter, Mrs. R. R. Rettig, for burial in Spring Grove cemetery, death having occurred on Saturday. The deceased was 79 years old and a native of Granger township, this county. Funeral services were held Tuesday afternoon at 3 o'clock at the receiving vault in the cemetery, conducted by Rev. S. F. Dimmock of the Baptist church.

—If Frank Zadoc's proclivities for driving a bargain were pursued along legitimate lines, he might win a fortune in a few years. Before Mayor Randall a week ago last Sunday for the second time for intoxication, Frank was given a fine of \$20 and costs, the latter \$4.75. In no uncertain terms he protested that the fine was too much and refused to pay but \$15, whereupon he was remanded to jail. Zadoc remained in jail for seven days, an expense to the village of seven dollars, when Mayor Randall fell for the \$15 offered by Zadoc and directed the latter's release.

—Lightning struck and killed a cow belonging to Art Schaffer last Saturday noon. Another cow belonging to R. J. Hyde was near the Schaffer cow, but escaped injury.

—The part of the road on the south pike recently repaired by the state highway department was badly cut up last Saturday when a heavy road roller, belonging to Kennedy & Warner, was driven over it. Large chunks of the new surface were torn loose. The county surveyor was on the job early this week and is having the road repaired immediately.

—People having business with the prosecuting attorney the forepart of the week were confronted with an "out of town" sign on the door.

—People of Medina are waging war against the tussock moth that has been getting in its deadly work at various points of late. The array discovered on the east side of the Odd Fellows block last week was removed this week and many trees throughout the village have been girdled with fly paper midway up the trunk to intercept the dishonorable intentions of the tussock worm.

—The last day of grace for the payment of taxes expired on Saturday. The amount of delinquency is about \$4,000, approximately the same as last year. The penalty is 15% on real estate and 10% on personal property.

—Hon. Oliver W. Stewart, vice president of the Flying Squadron foundation, will speak in the park Saturday evening in the interests of the Ohio dry campaign.

—At their regular meeting Monday the County Commissioners appointed the following as members of the County Soldiers Burial committee: Matt Campbell, Chatham; Geo. Smith, Montville; Paul Swartz, York.

—The In-as-much Circle of Kings daughters held an all-day meeting and picnic supper at Mrs. Henry Young's, Chippewa Lake, Thursday.

—The fire hydrants on the north and east sides of the park have been leaking lately and workmen this week have had to excavate to the base, a depth of several feet to locate and repair the leak. As the hydrants connect directly with the water mains, the latter had to be shut off while repairs were being made, thus depriving residents on the east side of town of water. That such deprivation may not recur, the hydrants are to be reset about eight feet from the water mains connected by pipe. A valve attachment will then make it possible to repair the hydrants at any time by shutting off the latter from the main water course.

—The Fifth Regt. band will give a farewell concert at Berea, Saturday night, July 28, to which everybody is invited.

—A picnic supper was held at the home of J. W. Seymour last Friday afternoon by the local order of Rebekahs.

—The Ladies' Aid society of the M. E. church enjoyed a picnic dinner Wednesday at the home of Mrs. Stephen Hanshew.

—The seventh annual reunion of the Barlow Baker family was held yesterday at the home of Dr. and Mrs. G. J. Damon.

—The 32d annual reunion of the Webber family will be held at Chippewa Lake today.

—The M. E. Sunday school enjoyed their annual picnic at Chippewa Lake on Wednesday.

OBITUARY

Mrs. Susannah Peters, widow of the late Joseph Peters, was born in Guilford township, Dec. 15, 1856, and was the youngest child of Jacob and Susannah Lebeck. Her death occurred at her home at Stony Ridge on July 12, 1917, making her span of life cover a period of 60 years, 6 months and 27 days.

In infancy she was baptized in the Lutheran church and was confirmed in the same in early girlhood. On Oct. 2, 1897, she transferred her membership from the Acme church to Wadsworth and as long as health permitted, took an active part in church work.

The marriage of Miss Lebeck to Mr. Peters occurred on Dec. 1, 1874, and their entire future life was spent in the vicinity of Wadsworth. Both were industrious and labored zealously for their children—three having been born to them and now survive. They are George Peters of Wadsworth, Mrs. Alice M. Overholt of Akron and Mrs. Hattie E. Miller of Barberton. There are two grandchildren, Leonard Miller and Kenneth Peters. Besides these there are three sisters and one brother to mourn her departure.

On Mar. 8, of this year, death separated Mr. and Mrs. Peters, the former succumbing to heart trouble and arterial sclerosis. Mrs. Peters had been in failing health before that time and the shock of her husband's death caused her to become gradually weaker until her tired body could no longer withstand the ailments which threatened it.

Funeral services were held from her late home on the old Peters homestead, Saturday afternoon, July 14, at 2 o'clock, conducted by Dr. C. B. Etter of the Lutheran church.

ARE YOU READY?

Can you fill one of the thousands of good positions now offered by the many business houses? Don't be satisfied to drift along in a little job when you can prepare in a few months for a better position that will open new opportunities. Call at the office any day in the week or write for information. Act now—don't put it off.

PINK AND GREEN
POTATO LICE SHOW UP

This year a potato pest new for the State has appeared in Ohio. It is called the Pink and Green Potato Plant Louse, and as the name indicates, some of the lice are green, and some pink. They are found on the undersurface of the leaves and upon the tender growing tips.

These lice not only attack potato, but tomato as well. Near Cincinnati, where the outbreak started almost seven weeks ago, some potato fields have been killed and the tomato crop seriously injured.

During the last week, the spread has reached northern Ohio, hence it is important that close watch be kept on potatoes and tomatoes in this section.

Whenever bunches of pink and green feeding plant lice are found on the leaves, it is almost certain to be this pest.

When the insect appears in destructive numbers the vines should be sprayed, using nicotine sulphate. Take from one to two teaspoonfuls of the nicotine sulphate and dilute it with a gallon of water (½ pint to 50 gallons of water). Then add enough soap to form a suds and apply it with a spraying machine having a fine nozzle. The nicotine sulphate may be added to 50 gallons of spray containing Bordeaux mixture, or arsenate of lead, or the combined materials. In this case, do not use soap. The spraying material must cover the insect or it will do no good, and in order to spray the under side of the leaves, the nozzle should be set at right angle to the spraying rod.

One application is not sufficient, but spraying every other day for three treatments usually is required to subdue an outbreak. It will not be necessary to use the Bordeaux or arsenate as often as this. Afterwards keep a close watch, for the plants may become reinfested by the flying mother insects.

Use the right spraying material and apply it thoroughly in the manner described and the treatment is quite certain to be successful.

FAVOR LICENSING
GASOLINE STATIONS

Ohio auto clubs favor the licensing of every gasoline filling station in the state of Ohio. This is the first step towards catching many robbers who have been playing havoc in stealing automobiles throughout the state during the past few months. The auto clubs would compel every gasoline station to be licensed, and keep a record of the gasoline sold each day, the license number of the machine, the owner, etc. This would be a means of quick apprehension of those with stolen cars, for the numbers would be certified to police officials in every hamlet in the state, and they would thus check up the stolen autos with those filled with gasoline. Of course legislation by the state will be necessary to put the plan in force.

NOTICE TO TAXPAYERS OF THE
COMPLETION OF THE TAX LIST

Notice is hereby given that the tax lists of Medina county, Ohio, for the year 1917, are or are nearly completed and are open for public inspection at the office of the County Auditor, at the court house in Medina, O. Complaints against any valuation or assessment, except valuations fixed and assessments made by the Tax Commission of Ohio, will be heard by the District Board of Revision at its office at the court house in Medina, Ohio, on and after the first Monday of August, 1917. Complaints should be made in writing on blanks which will be furnished by the County Auditor, and filed with the County Auditor.

GEO. L. McNEAL,
Auditor Medina County.
Medina, O., July 25, 1917. 48-2

LODI - OHIO

Guaranteed Under This Label

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, etc.
Take Hall's Family Pills for constipation.

Foote & Edwards

So far this year the crops and gardens look fine. Don't neglect them and feed them to the bugs, they are needed as never before.

Our Sherwin-Williams spray material is made for the small user as well as the large, being especially finely ground and fluffy, so that it will stay well in suspension, you will put it on evenly, we have anything that you may need, especially small sprayers.

The Measure of Results from SPRAYING
depends upon the material used. It must be harmless to the trees and plants but deadly to the attacking insects. There is a scientific certainty about
SHERWIN-WILLIAMS Dry Powdered
Arsenate of Lead—Tuber-Tonic—Fungi-Bordo
In powdered form these insecticides and fungicides are weight and prevent freezing. Simple to use—just add water and spray. They cling to the foliage, kill insects, check fungus growths and insure big yields. Try them.
